Norfolk, V ORN AND COB MILL

MANUFACTURED BY S. MARCH, Nortalk, Va. THE above Mill, which so fir surpassed all dihers has season, has been improved, and made stronger and better than ever, and is now in the field carrying everything before it. It is the mill for strength, durability and swiftness. I anhex a list of premiums it has received this sessoa, ever the 'Little Giant,' 'Magic Mill,' Star Mill, Mayeard's Mill, and all ofers that have First premium at the N. York State Fair.

First premium at the Ohio State Fair. First premium at the Michigan State Fair. First premium at the N. Carolina State Fair. First premium at the Nashville (Tenn.) Fair. First premium at one County Fair in N. York. First premium at ten County Pairs in Ohio. Trial of corn and cob mills at the North Carolina State Fair, October 1853.

The following table will show the time cenpied by each of the Mills on exhibition i- grin .ag half bushel of corn and cobs: Young America, 2 minutes and 40 seconds.

Little Giant, 4 ... 55 ...
Magic Mill. 6 14 Sinclair & Co's Mill, two trials, average time, 6 minutes at d 58 seconds.

Advantages of the Young America or Excel tor Mill over an others: 1st, great strength and ratinty; 2d, simplicity, (having but one set crew to graduate the quality of grinding, which enders it so simple that it may be minaged by any ordinary farm hand;) 3d, it will grind more coru, or corn and cob, in the same time, and or same quality, than any other mill in us; of the same size; 4th, economy—that part of the mill which is most liable to wear, being separate from the main body of the machine, can be renewed when worn ont, at the small cort is a peculiar property, when worn ont at the small cort. when worn out, at the small cost of \$3. Thus in the Young America or Excelsior mill, I present the best, cheapest and most durable mill ever offered to the Farmer. This mill is of large size and greater capacity than any other mill ever sold at the same price Price, including extra plates, \$50.

I am also manufacturing Cart and Wagon Wheels, Farm Wagons, Carts, Trucks, Drays, Plows, Harrows, Cultivators, Corn Shellers, and Agricultural Implements generally, and am better prepared to furnish farmers and merchants better prepared to furnish farmers and merchants than any other house in the city.

Call and examine my stock and be convinced that it is to your interest to attorne Southern enterprize. I am unwilling to believe that all the men in Virginia and North Carolina prefer to build up the North and impoverish the South.

Largage a Foundary connected with my fac-I have also a Foundry connected with my factory, and solicit orders for Casting's generally.
